

Case Study:

Service with a smile from Vergola

Eli lives in a large apartment at Bellevue Hill in Sydney's Eastern Suburbs, but rarely used his outdoor deck because it was exposed to the elements.

Earlier this year he visited a friend in a neighbouring suburb and couldn't help but notice the Vergola – a louvre roof system that creates the perfect outdoor living environment.

So Eli decided to install a Vergola at his Bellevue Hill property with outstanding results.

He was not only impressed with the product, but more than impressed with the outstanding service he received from the Vergola team.

"The service from Vergola (NSW) was first class and the workmanship was excellent," he says. I'm absolutely delighted with the choice."

"They made sure everything was 100%."

"They were very professional and very friendly."

"The Vergola has lived up to all my expectations."
